

**Aluminium
Windows, Doors
& Glazing**

Make the most of the domestic aluminium market with Abcell.

Fitting aluminium windows, doors and glazing is a great way to grow your business if you have the right fabricator to rely on.

We've invested in aluminium fabrication to give you the confidence to win a share of this growing market.

Check out our AluK range and offer your customers the best in aluminium windows and doors.

ALUK[®]

Aluminium Windows

We use the AluK system to give you a full choice of aluminium window options, suitable for any domestic project.

Our windows offer lots of design options and benefits for installers:

- 1 Slimline frames
- 2 Unique gaskets for easier glazing
- 3 High thermal performance
- 4 Double or triple glazing available
- 5 Chamfered or ovolo bead options

Aluminium Bi-Fold Doors

Our aluminium bi-folding doors are great for opening up your customers' homes to the garden.

We manufacture AluK bi-folding doors that are engineered to offer a smooth operation and have great design options.

- 1 140mm frame with slim interlock for more glazing
- 2 Faster installation
- 3 High thermal performance
- 4 Unique gaskets for easy glazing
- 5 Double or triple glazing
- 6 Max sash width - 1200mm
- 7 Popout handle

Aluminium Patio Doors

Aluminium in-line sliding and lift & slide doors are another great way to introduce more natural light to homes.

Our aluminium sliding doors have slim sightlines for a wider glazed area and have a smooth glide for easy operation.

1 Engineered for a quicker installation

2 Slim sightlines

3 Top thermal performance

4 Easier to glaze thanks to unique gaskets

5 28mm glass as standard

6 45mm sightline

7 Triple track option

Aluminium Entrance Doors

Our entrance doors finish our suite of aluminium products so you can offer a full house of aluminium glazing for your customers.

- 1 Slimline frames
- 2 Highly weather resistant
- 3 Matching side and top lights
- 4 Unique design options
- 5 Stainless steel glazing trims & hardware

Heritage Windows

- 1 Slim frames
- 2 58mm outer frame
- 3 Flatline vent
- 4 Choice of opening options
- 5 U-Values from 1.2W/m²K
- 6 Thermally broken frames
- 7 Internally beaded
- 8 Astragal bar options

Aluminium Verandas

Aluminium glass verandas are a truly versatile product that can be used to cover over patios areas, create a glazed roof extension or even build a modern-looking car port.

- 1 Large Span Veranda to suit any area
- 2 Optional sliding doors to create glazed extensions
- 3 Full aluminium system
- 4 3 different design options
- 5 5 colour options
- 6 Polycarbonate or glazed options
